The Kansas Department of Corrections
Hutchinson Correctional Facility
Visitor’s Handbook

The Kansas Department of Corrections recognizes the importance of visitation in making an offender's period of incarceration less difficult. With those offenders who have families, visiting privileges help ease the strain of separation and contribute to the maintenance of family ties, which may otherwise be lost. We also feel an offender’s motivation to improve his condition is affected in a positive way when he has regular visits from his family and friends.

This handbook has been designed to educate visitors to the Hutchinson Correctional Facility’s rules and regulations regarding visiting. Our visiting program has been set up to provide a fair, wholesome and safe environment for visitors, offenders and staff. All HCF staff members assigned to visiting areas are required to strictly enforce these rules and regulations in a firm, fair and consistent manner.

Although we feel visitation is an important element in the correctional process, visiting privileges can be revoked for violating facility rules and regulations. Please read this handbook carefully and thoroughly to avoid any unnecessary delays or interruption of visiting privileges.

Applying to be an Approved visitor ——————————————————

All visitors must be on the offender's approved visiting list prior to visiting. If a visitor's name is not on the visiting list, he/she will not be allowed to visit.

Application forms are sent to potential visitors by the offender. The application must be filled out completely and accurately and returned by mail to the facility’s visiting clerk along with any necessary supporting documents. The approval process can take up to five weeks. Applications for minor visitors must be accompanied by an original birth certificate. Birth certificates will be returned to the applicant once they have been verified. Applications from individuals who are not U.S. citizens must be accompanied by a photocopy of the individuals passport, visa, resident alien card, permanent resident card or employment authorization card.

Persons under the age of 18 will not be permitted to visit unless they are an immediate family member to the offender (IMPP 10-113D).

If approval is granted the visitor's name will be placed on the approved visiting list and the offender will be notified. It is the responsibility of the offender to notify his visitors that they have been approved. Approved visitors remain on an offenders list when he transfers to any other KDOC facility. This does not include county jail.

If a potential visitor is on probation or parole, the application must have written permission from the assigned probation or parole officer attached. Permission to visit may only be granted after the expiration of one year after the most recent release date.

Ex-employees (including contract employees and volunteers) are prohibited from visiting at HCF for two years after termination of their employment or volunteer activity. Requests made following this period will be considered on a case-by-case basis.
Visiting multiple offenders is not permitted unless the visitor is immediate family to more than one person incarcerated with KDOC.

If you were previously approved to visit the offender, and the offender was released to parole for more than two years and violated parole or released and re-incarcerated on a new sentence, you will need to re-apply for visiting privileges.

Any personal contact beyond the above limitation will result in a warning to both the offender and visitor from the officer in charge. Any further personal contact beyond the above limit at any time subsequent to such warning will result in the immediate termination of the visit and suspension of visiting privileges of the offending visitor for a period of not less than 90 days. Personal contact beyond the above limitation subsequent to the reinstatement of visiting privileges will result in the revocation of visiting privileges of the offending visitor.

If the offender is allowed visitation with minors, but his status is: NON-CONTACT, no physical contact with children will be permitted at any time.

Visits by Victims

If you are applying for visitation and you are the offender’s victim your application will be screened by the Victim Services Liaison prior to a decision about visiting. The liaison will provide a recommendation for approval/disapproval of the application to the Deputy Warden and he will make his decision for visitation privileges based on that recommendation.

Removing your name from an Offender’s Visiting List

You may be removed from an Offender’s visiting list by sending a written request to the facility visitation clerk. The offender may also request to have individuals removed from his visiting list. In either case, visitors must wait 180 days before they can reapply for visiting privileges.
