

Juvenile Justice Oversight Committee and Kansas Dept of Corrections Announce New Funding Opportunity

The Supporting Community Organizations in Improving Outcomes for Juvenile Offenders and Families Grant

What it is

- * Opportunity for the development and implementation of evidence-based community programs and practices for juvenile offenders, juveniles experiencing mental health crisis and their families... (KSA 75-52, 164)
- * Reinvesting funds into evidence-based practices and programs that exist in the community.
- * Evidenced-Based (EB): means practices, policies, procedures, and programs demonstrated by research to produce reduction in the likelihood of re-offending (K.S.A. 38-2202)
- * Supports programs related to intake, diversion, probation, and conditional release

This funding was made possible through the passage of Senate Bill 367 which reallocated funds originally used to maintain children's correctional facilities and now is used to keep kids in their communities and offer support.

*For more information contact Matt Billinger,
Juvenile Justice Oversight Committee
Coordinator at matthew.billinger@ks.gov*
