Percent of youth in school and/or working 1 year after completion of program	90%
Percent of youth with no new arrests at completion of program	80%
Percent of youth with no new arrests 1 year after completion of program	80%
Percent of youth successfully completing program	80%

Reduce responsibility by Building a partnership with family members by collaborating with them and seeking their insight and perspective

Objective 1: 95% of youth will have a parent/guardian in attendance at their supervision case plan meetings

Objective 2: 60% of parents/guardians will complete quarterly surveys

Objective 3: 75% of parents completing quarterly surveys will respond favorably on the survey to the following measures:

- Families were kept up to date on how their child was doing under supervision or in programs
- Families report staff value their opinion regarding their child
- Family members report they received an orientation packet or participated in orientation meeting
- Family members say they understand the conditions/rules of supervision

Objective 4: By program completion, 75% of families will increase points on the Parent Engagement Form by a minimum of 5%.

Increase family support systems

Objective 1: 75% of parents participating in parent education program successfully complete the program

Objective 2: Family is present for the youth's court hearings 100% of the time

Performance-based Standards (identify through parent survey?)

Family Specialist will have meaningful contact with the family a minimum of once per week.

75% of youth will have case plans including identification of people who will support youth

75% of youth's case plans will include family members as resources/strengths

75% of youth will have a documented assessment of strengths/needs of their families (would need to find one?)
