STANDARD: Written policy, procedure and practice shall govern the extension of Immediate Intervention Programs (IIP's) beyond the duration defined in IIP-04-105 due to the IIP Plan requiring the youth to complete an evidenced-based mental health or substance abuse program. In such case, the plan may be extended up to two (2) additional months pursuant to K.S.A. 38-2346(b)(4).

DISCUSSION: The extension of the program period should be based on behaviors of the youth and not diagnoses with long-term implications or chronic conditions. Some youth will have conditions that do not directly contribute to offending behavior which need to be addressed outside of the juvenile justice system.

ATTACHMENTS: None.

NOTE: The standards and procedures set forth herein are intended to establish operational guidelines for immediate intervention programs operating through the board of county commissioners and their employees/contractors and youth participating in the immediate intervention process. They are not intended to establish state created liberty interests for immediate intervention programs or the board of county commissioners, or their employees/contractors, or youth, or an independent duty owed by the Kansas Department of Corrections- Division of Juvenile Services to immediate intervention programs operating through the board of county commissioners or their employees/contractors, supervised juveniles or third parties. This standard and procedure is not intended to establish or create new constitutional rights or to enlarge or expand upon existing constitutional rights or duties.
