Re: Commissary Price Increases – Effective July 16, 2021

Each year, the manufacturers of the products we make available for you to purchase on commissary notify Union Supply that the costs of creating those products are increasing. Union Supply then notifies the Kansas Department of Corrections what those product cost increases are.

There are many reasons for the price increases. This year, COVID-19 has affected all aspects of making the products we offer for purchase. These include limited availability due to the delay of goods coming from overseas, staff shortages to make those products, an increase in the cost of raw materials, and the rise of transportation costs. Most all manufacturers are increasing the cost of their products due to those issues.

Of the 826 items we offer for purchase, only 104 items (or 13%) will increase in price as of July 16, 2021. Although there are a number of price increases on products offered again this year, Union Supply chose not to include all items that manufacturers informed us had price increases. Union Supply only increased the cost on items that needed to be increased based on similar prices at retail stores for like products. Union Supply chose to share in the burden of those price increases.

We know this is always a point of concern for you as the consumer. We understand your frustration. Similar price increases have affected our personal purchasing of grocery and department stores items as well. Please know that we understand the impact these price increases have on you as residents and will continue to work with Union Supply to provide the best pricing possible for all items available on commissary.

These price increases are effective July 16, 2021. Please note these prices are without tax included and are as follows:

#### **Commissary Price Increases Effective July 16, 2021**

##### **Menu Number, Canteen Item Description, New Price**

4230: CLEAR TUNES CT-35 SURGE PROTECTION POWER STRIP 5 PLUG 2' CRD, \$19.63
