Re: Coronavirus and KDOC updates

On December 29, the department has partnered with the University of Cincinnati for the university to launch a survey for residents. We are interested in getting some good detailed information about the environment in the correctional facilities, and how the residents are experiencing incarceration. The goal is to identify ways to ensure a safe, secure, positive environment. The university only will see the individual results, and will provide the department with a summary of the information. We encourage you to please complete the survey. Please note: We are still working on a link for the juvenile facility and that will be available in the near future.

The survey is available on tablets in the facilities. On the free profile on the tablets, access the survey app by clicking on this graphic:

You will see a table titled "Survey." From there you can take the survey. It would be best to complete the survey in one session.

You may also take the survey on the computers in the facility resource room. The way residents will access the links in the resource room is by going to the main page portal where all the links are and selecting the UCEducation link by click on this graphic:

From there it will take residents to a page where they select their facility. Click on your facility's link in the window and the survey will open in a new window.

Website	Purpose
EDCE	Survey
ECE	Survey
HCE	Survey
KJCC	Survey
LGE	Survey
LCMHE	Survey
NCE	Survey
OCE	Survey
SCF	Survey
TCE	Survey
WVRE	Survey
WCE	Survey

If you run into any issues with the survey, please contact your unit team, who will contact the facility's point of contact.
