Testimony on SB 480 To The Senate Corrections and Juvenile Justice Committee

By Johnnie Goddard, Interim Secretary Kansas Department of Corrections March 15, 2016

The Department of Corrections supports SB 480. SB 480 amends K.S.A. 22-3717 regarding the search of releasees to the fullest extent permitted by the Constitution. Currently, the language of K.S.A. 22-3717 as interpreted by a panel of the Kansas Court of Appeals only authorizes the search of a releasee's person as a condition of their release. *State v. Toliver* (Jan. 29, 2016, Kansas Court of Appeals). While review of that case is being sought by the Attorney General, SB 480 would address the scope of searches without probable cause as a condition of release by specifically including the search of their property.

The search of a releasee's property as a condition of release is constitutionally permissible. *Samson v. California*, 547 U.S. 843. SB 480 would provide clear language that Kansas law permits the search of releasees as a condition of their release to the fullest extent constitutionally permitted.

The department urges favorable consideration of SB 480
